THE MONEY MARKET.

[From This Day's Times (City Article.)

LONDON, WEDNESDAY EVENING.—The American demand at the Bank today was commatively moderate. In the Stock Exchange during Christmas, owing to the payment to the Bank of some of the loans, money was wanted at 6 per cent, but on Monday it could be obtained at 5 per cent. The sum of 50,000l. was taken from the Bank for Australia, making a total withdrawal of 100,000l. during the week, including the date of the last issue. The holidays for bills on Friday to-day showed a somewhat increase in the demand for the means of remittance to the East.
